---

Dear Mr Kermode

On behalf of the Department I apologise that the original response to Q2 was not clear in response to original disclosure, please find below an updated response;

Question 2 answer

The unaudited Net cost of the DHSC to Government for FY 21/22 was £nil (as is usually the case as the Supplementary Vote was to bring the Department back to zero)

Costs were £40m, offset by the same level of income from NI receipts.

I hope that clarifies as requested and once again apologise that the original answer was not clearly articulated.

Kind regards
