

## **The kitten that got the cream.**

**"If your kitten is snoozing, always let them do so for as long as they need".**

In our news article dated 31<sup>st</sup> January 2023 titled "*The cuddly Manx Kitten is told off*", we posed a competition question as to how many workers could fit inside Broadcasting House, Head Road, Douglas.

Manx Radio Ltd have finally complied with the Information Commissioner's Decision Notice dated 17<sup>th</sup> January 2023 and revealed the statistics we first requested back on 1<sup>st</sup> September 2022.

It transpires that **68** persons work for Manx Radio, with a total annual staff remuneration of **£1.3 million.**

**"It's free, so why not stuff my face?"**

Last year Manx Radio received a huge grant of taxpayers' money from the Isle of Man Government of ***£1.07 million.***

No doubt, this *largesse* encourages the highest standards of active journalism and productivity.
